EDUCATION

Degree / Exam	Institute	Year	GPA / Score
CBSE (Class XII)	D.A.V. Public School New Shimla, Shimla, India	2019	80%
B. E (CSE)	Chitkara University, Patiala, Punjab, India	2025	8.81/10

WORK EXPERIENCE

SpringWorks Remote Operations Intern	Sep 2024 – Jun 2025
Freelance Chandigarh UI/UX and Frontend Developer	Oct 2023 - Nov 2023

Operations Intern

- Served as the liaison between clients and internal product/tech teams, ensuring seamless delivery of background-verification solutions.
- Managed client escalations, SLAs and workflow performance while driving operational efficiency improvements.
- Collaborated with engineering team by reporting system bugs, analyzing process bottlenecks, and recommending product enhancements.
- Interpreted case data and operational logs to identify trend, reduce verification turnaround time, and improve platform accuracy.

Freelance | Chandigarh

UI/UX and Frontend Developer

- Designed a modern, user-centric healthcare web interface using Figma, focusing on clean visuals, intuitive navigation and accessibility.
- Developed key frontend components in React (cards, search UI and interaction sections), ensuring responsiveness and smooth user experience.
- Collaborated directly with the client to refine product requirements and translate business needs into functional UI workflows.

PROJECTS

SimplyFin Intelligent Personal Finance Dashboard Full-Stack	Live Link
CodePaint Front-End Development Environment	Live link

SimplyFin | Intelligent Personal Finance Dashboard | Full-Stack

- Built a smart finance platform with real time updates, smart filter, and analytics dashboards, tracking thousands of transactions with monthly and category wise insights for data driven financial decisions
- Implemented CSV/PDF export and sharing with a responsive UI, live updates, and subtle animations, enabling seamless multi device access and collaborative tracking
- Tech Stack: Next.js, Firebase (Auth + Firestore), Tailwind CSS, Framer Motion

CodePaint | Front-End Development Environment

- Developed a front-end code visualization tool that converts code snippets into interactive live previews, enabling users to save and share projects, resulting in 30% faster debugging and feedback cycles
- Enhances debugging and accelerates development feedback by providing immediate visual feedback
- Tech Stack: React JS, Node.js, Express, MongoDB, Redux Toolkit and TypeScript

HACKATHON

Event - Aminnovate Hackathon	Apr 2024
<ul style="list-style-type: none">Developed the frontend of RapiDoc using HTML, CSS, Bootstrap, and JavaScript, ensuring a responsive and visually appealing UIDesigned an intuitive interface for users to find real-time hospital data, including blood availability, OPD Schedules, and bed occupancyAchieved Top 10 recognition out of 100+ teams for innovation and technical execution	

SKILLS
